OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

3. *Prompt report of outbreaks of epidemics (a) by local officer.*—It shall be the duty of the patel or, in his absence, of the shanbhog to submit by express messenger a report to Taluk Office and another to the Medical Officer in charge of the nearest dispensary, as soon as cases of any epidemic, whether imported or indigenous, occur and, in the case of plague, immediately rat mortality is observed in the village.

4. *(b) By Amildar or Deputy Amildar.*—The Amildar or the Deputy Amildar on receipt of the report from any village, shall send immediate information (1) to the Medical Officer in charge of the nearest dispensary, (2) to the Presidents of Municipal Councils in the Taluk, (3) to the District Medical Officer, (4) to the District Sanitary Officer, (5) to the Deputy Commissioner of the District, (6) to the Amildars of adjoining taluks, and (7) to the Sanitary Commissioner.

5. *Preliminary action before arrival of Medical Officer (a) by patel.*—The patel, or, in his absence, the shanbhog, pending the arrival of superior officers, shall notify to the villagers the expediency of following the elementary Sanitary Rules (printed as an annexure to these rules) and make arrangements to see that the sanitation near the infected locality is carefully observed. These arrangements shall include the adoption as far as possible of such of the preventive measures as can be carried out without any professional assistance.

6. *(b) By Amildar or Deputy Amildar.*—If the Medical Officer or the Sanitary Inspector has not already proceeded to the village, the Amildar or the Deputy Amildar shall forthwith proceed to the village and personally see to the carrying out of disinfection and other preventive measures. He may leave the village before the arrival of a Medical Subordinate or Sanitary Inspector in case the hobli shekdar is left in the village to carry out his instructions. Special endeavour should be made to encourage and develop local initiative, by enlisting the co-operation of the Village Improvement Committees and of voluntary workers possessing influence in the villages.

7. *Form of report and frequency of submission.*—The report alluded to in the preceding paragraph should be in the following form :—

Date	Attacks	Deaths	If imported wherefrom	Nature of action	Names of Village Improvement Committees or of voluntary workers engaged in the adoption of preventive measures or affording relief
1	2	3	4	5	6

The report should be submitted by the patel daily till after a week of the occurrence of the last case of the epidemic in the village.

8. *Stock of disinfectants and medicine.*—The Deputy Commissioner and President of the District Board should see that each Taluk Office is supplied with a sufficient quantity

of disinfectants, and a sufficient number of medicine chests, the quantity and number of these articles being fixed in consultation with the Sanitary Commissioner and the Senior Surgeon respectively. Each medicine chest should contain, in the vernacular, a complete set of instructions for the use of the medicine and disinfectants. The Amildar or the Deputy Amildar will be responsible for maintaining sufficient stock of medicine and disinfectants in the taluk.

9. *Custody and issue of disinfectants and medicine.*—The stock of medicine and disinfectants should be kept in the Taluk Office but its issue will be regulated by the Local Medical Officer who, on receipt of first information of an outbreak of an epidemic, will advise the Amildar or the Deputy Amildar as to the quantity of medicine and disinfectants that may be issued for use in the affected area. If the Medical Officer himself proceeds to the village, he shall take with him both disinfectants and required medicines. In the case of villages with a population of over 1,000, the Amildar or the Deputy Amildar should arrange to leave with the patel, or the Chairman of the Village Panchayet as the case may be, a sufficient quantity of disinfectants and a couple of medicine chests with clear written instructions for use.

10. *Application for Medical assistance and extra sanitary staff.*—If the epidemic breaks out in more than one village at the same time and the services of the Sanitary Inspector and the Medical Subordinate are otherwise fully employed, the Amildar shall apply, without loss of time, to the District Medical Officer for medical assistance and to the Deputy Commissioner for additional sanitary staff. In the meantime, suitable arrangements should be made for the adoption of preventive measures, a temporary gang for disinfection and observation work being employed, if necessary. The Presidents of Taluk Boards should arrange to train a few men in the permanent conservancy staff in the technique of disinfection so that they may be deputed for preventive duty their places being taken by the temporary gang newly employed. Similar training should be given through the Sanitary Inspectors to a few local men in all important villages.

11. *Organisation of preventive and Medical Staff.*—Should it appear to the Deputy Commissioner that any epidemic imminently threatens to spread into several villages at the same time, he should immediately organise a preventive and medical staff and place it at the disposal of the officer responsible for working these rules. The staff should be stationed in a central place in the affected area and will operate in the villages situated within a radius of five miles from such place. The apparatus, disinfectants and medicine chests required by the staff should be issued from the nearest Taluk Office, the stock being replenished whenever necessary from the same source.

12. *Personnel of the staff.*—The staff shall ordinarily consist of:—

(i) The reserve Sanitary Inspector for the district, or in case he is already posted for charge of a preventive staff constituted in some other part of the district, local Sanitary Inspector.

(ii) One mestri and a gang of temporary coolies not less than six in number, and

(iii) a Sub-Assistant Surgeon drawn from the special reserve in the Medical Department and trained in modern methods of cholera treatment.

Duties of the staff.—It will be the duty of the members of the preventive staff to obtain early information as to the cases of the epidemic occurring in the Circle, to visit every house in which a case has occurred, to thoroughly disinfect the infected house, including the floors, the walls and the furniture, with a solution of phenyle or cyllin.

The Sub-Assistant Surgeon also shall reside in a central place and be available for attendance free of charge on the sick in their own houses. The Village Improvement Committees, if any, in the area should, as early as possible, be associated with the work of the staff both preventive and medical. They should be frequently consulted, as to the course of action consistently with these rules, and their suggestions for payment of compensation, construction of temporary isolation sheds, sinking of temporary wells, duly carried out.

13. *Powers of sanction of the Deputy Commissioner.*—Deputy Commissioners are empowered to sanction, within the limits of the budget provision—

(*a*) the employment of temporary gangs,
(*b*) the purchase of diet articles and country medicines,
(*c*) other contingent charges pertaining to relief measures and
(*d*) compensation for infected, bedding and clothing destroyed.

In case of the available grant in the budget being found inadequate by reason of an unusual severity of prevalence of the disease in the district, a special grant-in-aid may be applied for through the Sanitary Commissioner.

14. *Imprest for expenditure.*—The Amildar or the Deputy Amildar as the case may be should be provided with a permanent advance of Rs. 50 for expenditure under epidemic

charges, the whole or a part of which may be given to the subordinate officer immediately responsible for working the rules, the advance being recouped from time to time by bills supported by vouchers.

15. *Final report of measures adopted.*—The Amildar or the Deputy Amildar should, fifteen days after the occurrence of the last attack in the area, submit a report on the epidemic and the action taken, to the Deputy Commissioner who will transmit the report to Government through the Sanitary Commissioner.

SECTION II.—ORGANISATION, EQUIPMENT AND PROCEDURE IN URBAN AREAS OTHER THAN CITY MUNICIPALITIES.

16. *Agency.*—The Chairmen of the Municipal Councils, assisted by the local Sanitary or Assistant Sanitary Inspector, shall be responsible for taking prompt and effective measures to prevent the spread of epidemic diseases in the Municipal areas.

17. *Information of out-break of epidemics.*—The Chairmen of the Municipal Councils should arrange to obtain the earliest possible information of cases of any epidemic occurring within the Municipal limits or within close proximity to the Municipality. Such arrangements include the formulation and the effective working of Bye-laws if necessary under the provisions contained in the Municipal Regulation for the compulsory notification of cases of illness due to epidemic diseases. It is also open to the Municipal Council to invest selected members of its regular staff with the duty of finding out and reporting the occurrence of epidemic diseases.

18. *Report to higher officers and adjoining taluks.*—On receipt of the first report of an epidemic, the Chairmen should send immediate information to:—

(i) the Medical Officer in charge of the local dispensary, if there is one, or the nearest dispensary,
(ii) the President of the Taluk Board,
(iii) the District Sanitary Officer,
(iv) the District Medical Officer,
(v) the Amildars of the adjoining Taluks,
(vi) the Deputy Commissioner of the District,
(vii) the Sanitary Commissioner in Mysore.

19. *Committee to be appointed.*—In every Municipality, a Committee should be appointed, in consultation with the Deputy Commissioner of the District, consisting of two or more of the Municipal Councillors whose duty it will be to advise and assist the Chairman in all matters relating to the epidemic disease prevention in the Municipality. The Committee will have power to associate volunteers possessing influence in the local area in the arrangements made for preventing the epidemic or affording relief to the people.

20. *Organisation of preventive staff.*—In every Municipality, a few of the permanent hands, preferably among the existing Sanitary Conservancy Staff, should be trained in the special work of disinfection and observation. When an epidemic actually breaks out or when there is reason to apprehend its outbreak, the trained men should be withdrawn from their current duties and detailed for special work, their places being taken by temporary men. The Chairman is empowered to appoint a temporary staff consisting of one peon and not more than two totis for every thousand of population, to replace the permanent men withdrawn for special duty or to augment the preventive staff whenever necessary.

21. *Powers of sanction of Presidents.*—The Chairmen are empowered to incur, within the limits of the budget provision, and on the advice of the Special Committee expenditure, on—

(*a*) the employment of temporary gangs as detailed in the preceding paragraph.
(*b*) the purchase of diet articles and country medicines.
(*c*) other contingent charges pertaining to relief measures.
(*d*) compensation for infected bedding and clothing destroyed.

In case of the available grant in the budget being found inadequate by reason of unusual severity of the prevalence of the disease, the Municipal Council may apply to the Government for a special grant-in-aid through the Sanitary Commissioner.

22. Necessary provision should be made in the budget of the Municipal Councils for epidemic charges calculated on the basis of Rs. 1,000 for every 10,000 of population.

23. *Stock of disinfectants and medicines.*—The Chairman should have, in the Municipal Stores, a sufficient quantity of disinfectants and the necessary apparatus for carrying out disinfection, the nature and the quantity of the articles to be stocked being determined in consultation with the Sanitary Commissioner. He should also obtain a few medicine chests from the Senior Surgeon and stock them for use during emergencies by the local Medical Officer, or if there is none, pending the arrival of the Medical Officer

from the nearest dispensary. Each medicine chest should contain, in the vernacular, a complete set of instructions for the use of medicines.

24. *Duties of preventive staff.*—It will be the duty of the members of the preventive staff to obtain early information as to the cases of the epidemic occurring in the Municipality, to visit every house in which cases have occurred, to thoroughly disinfect the infected house and generally to carry out all instructions issued by the Chairman on the advice of the Committee or the local Medical Officer.

25. *Permanent facilities and equipment.*—Arrangements should be made in every Municipality for the construction of sheds according to approved designs, the number of such sheds depending upon the population of the Municipality and the frequency of the prevalence of the epidemics. These sheds should be used as:—

(*a*) Health camp for the temporary occupation of the people required to vacate their own houses for disinfection purposes.

(*b*) Contact sheds.

(*c*) Isolation wards for the segregation and treatment of the sick.

Each of the three groups of sheds should of course be at some distance from one another, the isolation sheds being preferrably located as near as conveniently possible to the dispensary buildings The isolation wards should be furnished with cots, bedding and clothing and other equipment.

26. *Trend of Policy in Municipal Councils in regard to epidemic prevention.*—With a view to minimise the ravages of plague and cholera, Government expect early action being taken in every Municipality for the formation and effective working of Bye-laws relating to,

(*a*) House construction.

(*b*) Enforcement of rat-proof conditions in existing dwellings.

(*c*) The formation of well planned town extensions and the prevention of the contamination of the water-supply by fitting up pumps wherever feasible or other items that require continuous attention.

27. *Medical aid.*—It shall be the duty of the Medical Officer to arrange for the treatment of cases of epidemic diseases in Municipalities where there are no hospitals. In other cases, the local Medical Officer should render the necessary medical assistance. Should, however, the epidemic assume a serious aspect, the Chairman will apply to the District Medical Officer for extra medical aid and the latter officer should make the necessary arrangements after inspecting the locality, if necessary.

28. *Final report of measures adopted.*—The Chairman should submit, a fortnight after the epidemic has completely ceased, a detailed report of the outbreak of the epidemic and measures taken to combat it, to the Deputy Commissioner of the District and also to the Sanitary Commissioner.

The preventive staff may be continued for two weeks after the last case has occurred and then disbanded.

SECTION III—SPECIAL RULES FOR CHOLERA.

29. *Mode of spread of cholera and objects aimed at in preventive methods.*—The infection of cholera is conveyed by the microbes that exist in the excreta of persons attacked by the disease. Cholera is usually spread by persons infecting the drinking water supply, frequently also by flies infecting food and occasionally through persons who although are apparently healthly, yet harbour the microbes in their intestines. The present rules aim primarily at providing for either the immediate destruction of these microbes or for minimising the chances of their being conveyed into substances in which they will be swallowed by other persons.

30. *Occasions when special vigilence is needed.*—It shall be the duty of the local authorities to keep themselves informed of the occurrence of the cholera cases in adjoining towns and villages and to lose no time in taking precautionary measures when an outbreak is apprehended or appears imminent. Special caution should be exercised when there is a movement of large number of people to places outside the local area for purposes of attending fairs and festivals or when pilgrims pass through the town or village on their way to or from places of pilgrimage, whether the latter places be or be not actually affected with cholera at the time.

31. *Precautionary measures when an outbreak of cholera is imminent or apprehended.*—The general precautionary measures to be adopted on such occasions are:—

(*a*) Prevention as far as possible of outsiders from having access to and fouling the water-supply.

(*b*) Sinking, and temporary use, of infiltration wells in case the water-supply in the town or village is obtained from tanks and streams.

32. As a general precaution, all wells in the local area should be permanganated thoroughly once during the hot weather every year whether there is cholera or not. If pottassium permanganate is not readily available, quick lime may be used with equally good results.

33. *Disinfection of sources of water-supply.*—Immediately on an outbreak of cholera all wells in the affected area should be treated with sufficient quantity of Potassium Permanganate so as to leave a pink colour for twenty-four hours. In the absence of Potassium Permanganate, a couple of baskets of quicklime should be used for each well. The same precaution should be taken in the case of wells in the adjoining villages, though they may be uninfected.

34. During epidemic times, watchmen, preferably policemen, wherever available, should be placed near step-wells, tanks, or streams, to prevent the contamination of water by bathing or washing of clothes. In the case of draw wells, it would be well to employ a high caste man to draw water and supply it for drinking purposes to all who resort to the well.

35. *Prevention of the multiplication of flies.*—Special attention should be paid to the frequent removal of night-soil and other refuse to a distance from the town or village. The rubbish should be either buried deep or covered with a layer of quicklime to prevent the breeding of flies.

36. *Facilities to be provided to people for personal prophylaxis.*—Every house from which a cholera case is reported should be promptly supplied with—

(*a*) a solution of phenyle with instructions that the people who attend on the patient should wash their hands with it each time they touch the patient or the excreta.

(*b*) one grain packets of Potassium Permanganate for internal use in solution, by the patient as well as contacts.

37. *Segregation of patients and contacts.*—On the occurrence of a case of cholera, the people should be persuaded to send the patient to the isolation ward, if there is one and themselves remove to the Health Sheds. If facility for segregation is not in existence, it s desirable that the local authorities should arrange to put up temporary huts.

38. *Disinfection* (*a*) *of excreta.*—Great care should be taken to see that all choleraic vomit and excreta are at once collected, mixed with saw dust, paddy husk or other combustible matter, and burnt on or near the premises, if not burnt, the excreta buried deep far away from the sources of water-supply.

39. (*b*) *of effects*—All infected material, if of no value, should be burnt, if valuable, they should be immersed in boiling water and then dried in direct sun-light. Compensation claimed on account of valuables destroyed should in all cases be paid.

40. (*c*) *of the infected house.*—After a case of cholera, the house and especially the room occupied by the patient should be thoroughly disinfected with Phynile solution. All drains which discharge into the open should be flushed with the same solution.

41. In cases in which the attack of cholera proves fatal, it shall be the duty of the local authority to see that the mode of disposal of the dead body does not constitute a source of infection, special arrangements being made to ensure that the dead bodies are properly buried and away from sources of water-supply.

42. The occurrence of cholera in any place should be made known to the people who should be warned to boil all the drinking water.

SECTION IV—SPECIAL RULES FOR SMALL-POX.

43. *Prompt vaccination of unprotected children.*—As soon as a case is notified in any area, the local authority should send an urgent requisition to the Sub-Assistant Surgeon or the Taluk Vaccinator, as the case may be, to vaccinate all the unprotected children in the area. The re-vaccination of persons who have not been vaccinated for five years previously should be encouraged as far as possible. It shall be the duty of the local authority to assist the Sub-Assistant Surgeon or the vaccinator in finding out all cases to be vaccinated.

44. *Concentration of vaccination staff wherever necessary.*—If the affected area is large such that one vaccinator cannot be expected to speedily vaccinate all the unprotected children, a report should be at once submitted to the higher authorities bringing to notice the need for employing additional vaccinators. The authority receiving the report should, if satisfied with the need for extra assistance, lose no time in posting one or more additional vaccinators withdrawing them from stations where their services are not in urgent demand.

45. *Other preventive measures.*—People should be advised to avoid going to the house infected with small-pox or freely mix with the contacts until the epidemic has

completely subsided. All houses in which small-pox cases have occurred should be disinfected by the process of desiccation.

SECTION V—SPECIAL RULES FOR PLAGUE.

46. *Prompt desiccation of infected houses.*—The infected rat-flea being the connecting link for the transmission of plague from rat to man, it is essential that prompt action should be taken, having for its object the destruction of the infected flea before it is able to convey the infection to other rats or to man. The rat-flea is easily killed by desiccation or the application of dry heat. As soon as a dead rat is observed in a house, such house along with the adjoining ones should be subjected to a process of thorough desiccation.

47. *Desiccation how carried out.*—Desiccation is simple to carry out and is done by spreading, uniformly in all parts of the house, paddy-straw, dry-leaves or other inflammable material setting fire to it. To ensure that the required degree of heat is generated, it is best that desiccation is always carried out by trained staff in towns. In the case of affected villages, an itinerant gang may be employed during seasons of plague to practically demonstrate the method to the villagers.

48. *Disinfection of grain.*—All grain infected with rat-fleas should be exposed to bright sun light for at least a couple of hours.

49. *Evacuation of infected houses.*—To facilitate desiccation, people in the houses proposed to be desiccated should be shifted with their belongings to the Health Camp if there is one or to temporary sheds specially put up for the occasion. After ten days, desiccation should be repeated in the same houses, when the people may be permitted to re-occupy the houses. Should they choose to remain in camp for some time longer, they should be required to remove to sheds of their own and make room for others that may need the special sheds.

50. *Whole-sale evacuation of houses.*—If notwithstanding disinfection, a whole-sale evacuation of a town or a village is desired by the people, it should be actively proceeded with, the necessary facilities in the shape of supply of shed materials gratis or at cost price being provided. But a thorough desiccation of the houses should invariably precede evacuation.

Once a town or village is evacuated, people should be dissuaded from opening and visiting the houses for any reason whatsoever, unless it is for reoccupation, in which latter case, the house should once again be desiccated

51. *Inoculation and medical relief.*—The earliest possible requisition should be made on the nearest Medical Officer for (*a*) inoculation and (*b*) a medical relief. Such Medical Officer will, as far as possible attend to these measures himself and, if assistance be needed, apply to the District Medical Officer. At the same time that a requisition is sent to the local Medical Officer, a copy thereof should, if the requisitioning officer be a patel, be submitted to the Amildar of the taluk.

52. Immediately the Medical Officer arrives, it shall be the duty of the local authority to co-operate with him in encouraging people to get themselves inoculated and patients to receive medical treatment.

53. *Rat destruction.*—In every town and village, attention should be directed to the destruction of rats in the off-plague season. A cheap and effective method of trapping rats will be described in the form of a pamphlet which will be issued by the Sanitary Commissioner.

SECTION VI.—PROCEDURE IN EMERGENCIES WHEN EPIDEMICS OTHER THAN CHOLERA, SMALL-POX OR PLAGUE OCCUR.

54. *Procedure when other diseases of an epidemic nature occur.*—Whenever there is a marked rise in the mortality or sickness in any town or village and the cause thereof is at the time unknown, the local authority shall have power to take such measures in consultation with and on the advice of the local Sanitary Medical Officer and incur such expenditure as may be necessary to reduce the sickness and the mortality in the town or village. These measures include organisation of staff, medical relief and provision of nourishment to the sick. In all emergencies, the local authority shall take the initiative without delay, pending instructions from the higher authorities.

(Annexure to Rule 5)

VILLAGE SANITATION RULES.

HOW TO BE HEALTHY.

Rules which every resident in a village should endeavour to follow.

Bedding and other unwashable materials should be frequently exposed to the sun.

2. *Water.*—Procure your supply of drinking water from pure wells or springs wherever possible.

No tanks, ponds, wells or other sources of water-supply used for drinking should be allowed to be polluted.

No leaves or other decaying matter and no dirty vessels or clothes should be allowed to come into contact with such water.

Make separate arrangements for water-supply to cattle.

Food.—Eat wholesome and easily digestible and well boiled food

3. *Clothing* —The dress should always be sufficient for purposes of decency, if not of comfort. In the cold weather, provide yourself with warm clothing and, in the hot weather and during the rains, with a cover for the head to protect it from the sun and rain.

4 *Healthy houses.*—Houses should be built on a high and dry site free from damp, with a proper basement. They should not be near stagnant pools or pits or wet cultivation.

There should be a sufficient number of doors and windows to allow of free ventilation.

7. *Latrines.*—Where latrines are not provided, people should go far away into the fields. No streets or public places and no places within 100 yards of a dwelling house should be allowed to be polluted The practice of using wells or deep pits for latrines should be at once discontinued. A layer of fresh dry earth or ashes should be spread over the privy pit every time it is used.

8. *Sewage.*—No sewage should be allowed to accumulate or soak into the ground whether inside or outside the house. Where no public drains exist, the sewage should be collected in a bucket, jar or cess-pit of masonry, not more than two feet deep and removed at least once a week or as frequently as possible.

Special arrangements will be necessary to remove liquid refuse in our villages because most people are unaccustomed to handle sewage on account of caste scruples.

9. *Vacant sites.*—All lands should be kept free from damp and undergrowth within one furlong of a small village or within two furlongs of a large one.

All pits and hollows within the same limits and inside the village should be drained off or filled.

FINANCIAL

No Fl. 5102—*G F.* 84-16-2 *dated* 7*th March* 1917

Government are pleased to notify for the information of the public that the facilities afforded to effect purchases and sales of securities appertaining to the Mysore State Loan of 1906-07 are extended to the following debentures —

1 Kolar District Railway
2. Chitaldrug District Board Railway.
3. Shimoga District Board Railway
4. Chitaldrug Town Water-supply

2. Intending purchasers and sellers of all these debentures may apply to the Assistant Comptroller in charge of the State Huzur Treasury, Bangalore.

3. The same conditions and procedure as are applicable to the transactions relating to Government Securities, laid down in Government Order No. Fl. 878-923—G. F. 491-11-2, dated 20th August 1912, reproduced below, will apply in their entirety to the sale and purchase transactions of all these Debentures.

4 Deputy Commissioners are requested to arrange for English and Kannada copies of this notification being posted in all District and Taluk Treasuries.

By Order,
J. S. CHAKRAVARTI,
Financial Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. Fl. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. No. 12720—*L. B.* 6-18-14, *dated 2nd April* 1919.

Under Section 62 of the Local Boards and Village Panchayets Regulation, 1918, Government are pleased to make the following rules for the guidance of Village Panchayets and Taluk Boards in respect of the preparation and submission of the Panchayet budget estimates of receipts and expenditure to the Taluk Boards as required by Section 59 thereof:—

1. A Village Panchayet shall prepare the budget estimates of its receipts and expenditure under all heads in the form appended to these rules.

2. The Chairman will forward the budget estimate, after it has been passed by the Village Panchayet, to the Taluk Board so as to reach that Board punctually on or before such date as may be fixed for the purpose.

3. The budget estimate of expenditure should provide for only sanctioned charges and care should be taken that all proposals for increases or decreases of expenditure that should come into effect in the year for which the budget is prepared are as a rule fully considered and disposed of prior to the time of framing the estimates.

4. The President of the Taluk Board shall, in the first week of November, communicate to the Chairman of each Village Panchayet within the taluk, the sum, if any, proposed to be transferred from the Taluk Fund to such Village Panchayet under Section 56 (*e*). The Village Panchayet will take credit for this amount in preparing the budget.

5. The sanction of the Taluk Board is necessary for the transfer of allotments from one major head in the budget to any other major head. No formal allotment of funds is necessary for meeting a new item of expenditure from savings under the same minor head and for expenditure met from special grants for the same.

6. The need for exceeding the grant under a major head should be anticipated in time and sanction obtained for additional provision. If at the end of the year the total allotment of the year is found to have been exceeded, a special report should be submitted to the Taluk Board stating the reasons, why the excess could not be foreseen during the course of the year and sanction obtained for the admission of the excess expenditure. Trifling excess may be explained in the Administration Report.

7. Additional allotments from the balance in favour of Village Panchayets should not as a rule be sanctioned during the course of the year. The budget should be so framed as to obviate the necessity for such allotments. In cases, however, where fresh or additional expenditure cannot be provided for by specific re-appropriations from the budget grants, Taluk Boards may sanction allotments from the balance.

8. Applications for additional grants as well as for re-appropriation of existing grants should always be submitted in time, not later than the 31st May to the Taluk Board to admit of orders on them being passed before the close of the year. After the year has closed no additional grants or re-appropriations can be sanctioned.

9. In repairing the budget care should be taken to see that the closing balance is not allowed to fall below 25 per cent of the annual normal receipts. The normal receipts for the year to which the budget appertains may be taken as the guide for this purpose.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8 Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention, and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41 --Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401— P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6 As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6 As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention: and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 93—Spl., dated the 15—22nd March 1919, from the Comptroller to Government, to the Financial Secretary to Government.

I have the honor to state that interest on Government Promissory Notes is, according to Articles 508 and 509, Mysore Treasury Manual, ordinarily payable only in District Treasuries where the prescribed registers are to be kept. When it is specially arranged to be paid in Taluk Treasuries, the District Treasury has to continue to keep all the prescribed records for noting payment. This was the system in force till recently in British India also

Under the new Treasury Procedure, however, a Taluk Treasury is practically independent of the District Treasury and no detailed records are required to be made in the registers of the latter of payments made in the former. Recently the Government of India have also permitted payment of interest on War Bonds being made in Taluk Treasuries (*vide* copy of the circular of the Resident's Treasury put up). The underlying idea in this arrangement is that Taluk Treasuries may go on paying interest on their own authority so long as the name of the holder remains unaltered and should obtain orders of the District Treasury when in any case the Promissory Notes are endorsed to a new holder.

I have the honour to suggest that an arrangement similar to that authorised in the case of Government of India Promissory Notes may be sanctioned for the payment of interest on our Promissory Notes in Taluk Treasuries.

ORDER NO. FL. 5545—G. F. 198-18-2, DATED 19TH APRIL 1919.

The Comptroller's proposal in regard to the payment of interest on Government Promissory Notes at Taluk Treasuries is sanctioned.

By Order,
J. S. CHAKRAVARTI,
Financial Secretary
to Government.

To—The Comptroller to Government.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

The following Resolution No 549, dated 14th April 1919, issued by the Government of India, Home Department, regarding the agitation in British India on the passing of the Rowlatt Act, is hereby republished for general information :—

GOVERNMENT OF INDIA

HOME DEPARTMENT

No. 549, dated Simla, the 14th April 1919

Resolution.—By the Government of India, Home Department

The present situation arising out of the agitation against the Anarchical and Revolutionary Crimes Act (commonly called the Rowlatt Act), renders it imperative on the Governor-General in Council to define the attitude of Government on the subject of that agitation and the serious disorders which have resulted therefrom, and to indicate the nature of the concerted action which it is now necessary to take for the preservation of law and order

When the Bill was under discussion, its opponents publicly stated that if it passed into law, a campaign of agitation against it, on a scale hitherto unattempted, would be organized throughout India, and a section of them indicated that they would support that campaign by resort to what is known as "passive resistance." No one cognizant of the conditions of India could have been ignorant at the time of the dangers of initiating a widespread movement of this nature; they were clearly pointed out by many public men of moderate views; and the representatives of Government did not fail, during the debates on the Bill, to emphasize the serious consequences to the public peace which would follow from an agitation such as was then threatened.

These warnings were unheeded, and to the agitation which has succeeded the passing of the Act, must be directly attributed the open breaches of the public peace, the defiance of authority, and the criminal attacks on life and property which have lately been witnessed in certain parts of India. The agitation has followed a double line of action, namely, direct criticism of the Act by means of public speeches and publications, and the initiation of the threatened movement of "passive resistance." The latter movement was ushered in by a demonstration consisting of the observance of a day of fasting, and the closing of shops and places of business. Such a demonstration was not in itself illegal; but there is ample evidence to prove that in more than one place those locally responsible for its organization overstepped the limits of lawful persuasion, and resorted to direct interference with the business of many who were not interested in the movement, and to forcible obstruction of the traffic in the public streets. But the indirect consequences of this aspect of the agitation have been far more mischievous, in that it promoted a sense of unrest and of excitement which was bound to react, and has reacted, on the more ignorant and inflammable sections of the population. The campaign of criticism has involved in many quarters the use of most flagrant misrepresentations regarding the character of the Act. It is clear that large numbers of ignorant people have been deliberately led to believe that the new law gives the police unfettered authority to interfere with public meetings not only of a political, but of a religious and social nature, and to arrest summarily persons engaged in political work, and that it empowers the executive authorities to imprison without trial any person criticising the action of Government.

The Governor-General in Council thinks it necessary to reiterate here the following salient facts concerning this Act. It is specifically directed against revolutionary and anarchical crime, and can only be brought into force in any locality when it has been proved to the satisfaction of the Governor-General in Council that such crime, or movements tending to such crime exist. It has not so far been brought into operation in any part of India. Its first part merely provides for the speedy trial of certain grave offences; in the second and third parts provision is made for preventive action (similar to, but much more restricted in scope than that now provided by the Rules under the defence of India Act) against persons suspected of revolutionary or anarchical crime Action cannot, however, be taken against any individual without the previous order of the local Government. There is nothing therefore which can justify the widespread rumours, for which the promoters of the agitation must be held responsible, that unusual, or even extended powers have been given to the police; nor is there anything which need cause fear or apprehension to any person other than the revolutionary or the anarchist. Not only do the terms of the Act definitely exclude its use in any case not falling within the definition of anarchical or revolutionary conspiracy; but Government has given the most categorical pledge (which the Governor-General in Council takes this opportunity to reiterate) that the tenor and intention of the Act will be scrupulously safeguarded should occasion arise to put it into operation.

The Governor-General in Council considers it unnecessary to detail here the deplorable occurrences resulting from the agitation against this Act. The offences which have occurred at Delhi, Calcutta, Bombay and Lahore have one common feature, the unprovoked attempt of violent and unruly mobs to hamper or obstruct those charged with the duty of maintaining order in public places. At Amritsar and Ahmedabad they have taken a far graver form, a murderous attack on defenceless individuals, and a wholesale and wanton destruction of private and public property. The Governor-General in Council thinks it right to state that at Amritsar the loss of life might have been greater but for the protection afforded by unofficial Indians to those who were threatened by the mob, and he takes this opportunity of expressing the gratitude of Government for this conspicuous example of loyalty and humane feeling.

It remains for he Governor-General in Council to assert in the clearest manner the intention of Government to prevent by all means, however drastic, any recurrence of these excesses. He will not hesitate to employ the ample military resources at his disposal to suppress organized outrage, rioting or concerted opposition to the maintenance of law and order; and has already sanctioned the application of the State Offences Regulation, 1804, in a modified form, to certain districts of the Punjab. He will further use all preventive measures provided by the Statutes to check disorder at its source, and in Regulation III of 1818,

and the corresponding regulations applicable to Bombay and Madras, and in the rules under the Defence of India Act, he has powers which will enable him to deal effectively with those who promote disorder. He has sanctioned the extension of the provisions of the Seditious Meetings Act to the districts of Lahore and Amritsar in the Punjab, and will authorize a similar extension to other areas in which local Governments see reason to require it. The Police Act of 1861 enables a local Government to quarter additional police on any locality which is guilty of organized offences against the public peace, at the charge of the inhabitants, and to levy from the latter compensation for those who have suffered from injury to their property. The Governor-General in Council will advise local Governments to make a free use of these provisions where necessary.

The Governor-General in Council feels that many of those who inaugurated this agitation must regret the lamentable consequences which have ensued, the loss of life and property, and the damage to the reputation of India. He now appeals to all loyal subjects of the Crown, and to all those who have an interest in the maintenance of law and the protection of property, both to dissociate themselves publicly from the movement, and to exert themselves in quieting unrest and preventing disorder. To all those who render such assistance to the cause of the public and the State, and to those servants of Government who are charged with the onerous responsibility of suppressing excesses against public peace and tranquillity, the Governor-General in Council extends the fullest assurance of countenance and support.

Order.—Ordered that the Resolution be published in the Gazette of India and communicated to all Local Governments and Administrations and all Departments of the Government of India.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6 As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. The English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, II, III and V only, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, II, III and V only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted, but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

(a) Accepted provisionally subject to his producing a fresh certificate of good moral character as required by the rules.

No. G. 26602—G. M. 223-18-2, dated 27th May 1919.

The following Press Communique dated Simla, the 2nd May 1919, issued by the Government of India in the Foreign and Political Department, regarding the arrangements made for the Haj Pilgrimage during the current season is hereby republished for the information of Moslems in the State:—

"The Government of India are glad to be able to announce that in spite of the world-wide shortage of shipping and the abnormal rise in passage rates to all destinations (which in the case of sailings from Bombay and Karachi has been enhanced by the lack of cargo), they have succeeded in making special arrangements for the provision of ample shipping, to convey pilgrims to and from the Hedjas during the current pilgrimage season at return rates not greater than those which obtained before the war.

This concession will be open to pilgrims from India and the adjacent Moslem countries, but it is not intended to benefit pilgrims from China, Java, Russia, etc.

Another privilege which the Government of India have been able to secure is a series of sailings from Karachi, where special provision has been made for the reception and comfort of pilgrims from Sind, Baluchistan, the North-west Frontier, the Punjab and the western parts of the United Provinces.

These arrangements have only been arrived at after protracted negotiations with the shipping companies and others concerned and at considerable expense. But the Government of India were determined that the Moslem community, who have borne so patiently the restrictions which war conditions inevitably imposed on the Haj, should be afforded special facilities for the performance of this religious duty now that the war is over."

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.
